

Private Lessons Academy at Cario Middle School

As a convenience to our parents, we are offering a supervised weekly private lessons program to be located at Cario Middle School. We have organized our best private lessons instructors in one location to provide our students the opportunity to excel in music, while making getting to those lessons more convenient for our band parents!

Our private lessons staff consists of Charleston's finest teachers, symphony members and professional players. Each teacher has been approved by the band staff due to their track record of providing high quality lessons for the Cario community. In a recent study, over 80% of the students selected for All State Band were enrolled in weekly private lesson instruction.

Registration for the lessons program will begin immediately. There are only limited spots available for each teacher, and the Instructors will establish the rate for each session. If you are interested in reserving a lessons spot at Cario Middle School for your student, please fill out and return the registration form directly to Mr. Scott.

Lessons will begin during the week of September 7th. If you have any questions, please contact Mr. Scott at 843-375-4650. Space is limited, so don't delay! Once I receive your registration, I will contact you to arrange the specifics of your child's lessons program, including the rates established by the instructor.

Please see the back of this page for a list of lessons instructors who will teach on site at Cario Middle School.
